Mr Reinhard Marx

Dear Reinhard

On behalf of the Organizing Committee of the Christiaan Barnard Memorial Hospital Academic Programme, We would like to thank you for the most Informative talk you gave to us, The State of Renewable Energy Generation & Efficiency

The time and effort you put into this presentation was much appreciated. The quality and variety of speakers we have managed to persuade to come and talk to us shows how important this programme is to both the audience and the speakers. You made a wonderful contribution to our CME and we are truly grateful.

Kindly except this gift in appreciation of your presentation to us, we hope that you enjoy it.

We would like to thank you once again.

With kind regards

Organizing Committee
